

Early Years Number Sense Programme: Implementation Action Plan

Action		EY lead & Maths lead	All staff
Attend introductory training	Attend live (or watch video on portal) to understand principles of programme and NSM approach.	✓	✓
Get familiar with the teaching resources	Start looking through some of the animations and animation guidance hosted on the portal.	✓	✓
Have a go with the materials in class	Find the animations linked to your current teaching focus and have a go at using some with your class/a class.	✓	
Read full programme guidance	Familiarise yourself with the EYNS programme support in the Teacher Guidance section of portal to understand more about the programme.	✓	
Brief colleagues and plan use of programme	Introduce programme to any other EY colleagues and decide how to integrate the programme into your curriculum and provision.	✓	✓
Start teaching sessions	Start integrating the Early Years Number Sense materials into your whole class maths sessions.	✓	✓
Review curriculum at end of academic year	At the end of first year using the programme, decide on any curriculum changes you want to make for September.	✓	✓
Consider in-depth training	Consider in-depth training course to increase understanding and impact.	Optional	Optional
Review implementation	Check in regularly with staff: monitor implementation, problem solve any challenges	✓
